WRAP AROUND BALCONIES
FOR AN ENDLESS VIEW OF THE HORIZON.

A wrap-around balcony cleverly shielded from prying eyes definitely has more to offer. Step into it from any room. Stare into the endless majestic expanse of the Aravallis. Or sip your favourite poison watching a cloud formation. Indulge in a quiet one-on-one with the stars. It's only natural to feel that the trappings of a private world are many.

LUMINARE DESIGN PHILOSOPHY

Luminare aims to give each family a villa in the sky with large outdoor spaces with no visual intrusion and a unique individual sense of entry. This identity is not only expressed in movement and architecture but also in facade expression. Each apartment is a corner unit with wrap around balconies to give an unobstructed view of the horizon. The corner placement of each apartment also gives it the benefit of dual orientation.
