Where the best minds come together

It takes a visionary to shape the future. The USD 16.2 billion Mahindra Group with its illustrious lineage and portfolio spanning across automotive, farm equipment, information technology, finance as well as hospitality, has been redefining India's skyline with Mahindra Lifespaces, its real estate and infrastructure business. Mahindra Lifespaces has developed more than 7.7 million square feet of comfortable and modern living spaces across India. This business is enshrined in the Mahindra Rise philosophy of accepting no limits, alternative thinking and driving positive change and is at the core of its thought and action. Its vision of developing sustainable urbanization and environment friendly homes is a manifestation of this belief.

Ashvita homes are designed to nurture life in every aspect. They are cocooned in tranquility and have spacious and well-ventilated rooms and large open green spaces. Enhancing the joy, are the modern amenities for comfortable living.

Mahindra Lifespaces is one of India's leading green homes developers and the first company to receive the coveted 'Platinum-rated green homes pre-certification' from Indian Green Buildings Council (IGBC). All the residential developments incorporate several green initiatives that help reduce the carbon footprint and help give back to nature what development takes from it.

Ashvita by Mahindra
Hyderabad LIFESPACES

Where state-of-the-art and state-of-the-heart come together

To stay fit you either work-out at a gym or take up a sport. At Ashvita, we give you the option of both and more. You can either pump weight and sweat it out at our state-of-the-art gym or play a back-hand volley and pump the air in excitement. Or you might simply want to swim your stress away. Whichever option you choose, you and your family can stay in shape with the range of recreational facilities we offer.

- Jogging track
- Amphitheatre
- Multi-purpose hall
- Clubhouse
- Indoor games
- Aerobics & Yoga room
- Tennis court

Where eco-friendly homes and eco-friendly people come together

One of the cornerstones of a Mahindra Lifespaces property has been the focus on a clean and green environment. When you make Ashvita your home, you not only get an opportunity to live the good life but also nurture nature. By choosing to live within the eco-friendly Ashvita community, you leave a healthier and happier planet for future generations.

-  Rainwater harvesting
An integrated rainwater harvesting system and an efficient storm-water management system ensure a steady supply of water all through the year.
-  Alternative building material
The use of alternative material like High Volume Flyash Concrete (HVFC) in building internal roads and car park area, helps minimize carbon footprint.
-  Energy efficient
Large windows stream in daylight while energy efficient utilities like lifts, lighting and pumps, etc. cut electricity bills.
-  Health-friendly indoors
Low Volatile Organic Compound (VOC) content paints and adhesives help you breathe easy. Insulation and sealants provide improved moisture management and enhance occupant productivity.
-  Sustainable locations
Basic amenities like shops, schools, markets, banks, medicals, restaurants, hospitals and public transit facility, etc. are in close proximity. This cuts commuting time, fuel costs and vehicular emissions.

Where dreams and reality come together
