MASTER PLAN

CONTEMPORARY YET TIMELESS

The design aesthetics of Century WinterSun combines the ancient principles of Vaastu Shastra with the clean and uncluttered lines of contemporary architecture. Internationally acclaimed Woods Bagot has created an architectural language for the property that is contemporary yet timeless.

An ultra-thin roofline, full-length and sun-shaded windows lend the villas and twin villas at Century WinterSun a distinctive, trans-border appearance.

The unique internal courtyards help harmonize the flow of energies, blurring the distinction between external and internal spaces.
