Infabulls Sky is situated at the heart of the Golden Mile - a glorious stretch which is a perfect harmonisation of the city's legendary residential and commercial landmarks, and the most premium entertainment and lifestyle hubs. A 48 storied architectural marvel, its interiors wonderfully summarise the royal lifestyle of its residents.

While the superior quality glasses on top and sun-leavers provide shading, its high performance double glazed-glasses and double-heighted terraces reduce the heat inside the apartments.

Be it the double-heighted terraces which start from the 16<sup>th</sup> floor onwards, the infinity pool on the 12<sup>th</sup> floor, or the grand quadruple-heighted lobby, each part of the building adds to its elegance.
