

Community living-  
it's the fabric of life

“ The world is so empty if one thinks only of mountains, rivers & cities; but to know someone who thinks and feels with us and who, though distant, is close to us in spirit, this makes the earth for us an inhabited garden - that is a wonderful community. ”

- Johann Wolfgang von Goethe

All of us need other people in order to be well and thrive. We feel better just being around other people. And we need close relationships in order to be happy.

Belonging to a group or community gives us a sense of identity. It helps us understand who we are and feel part of something larger than ourselves.

Being surrounded by people with similar values creates space for sharing. The opportunity to learn is endless, and you get to share what you know.

We love to live in community because the spirit of joy and love gives us such an urge to reach out to others that we wish to be united with them for all the time.

# THE WEAWE

BY UNISHIRE

## Furthering the essence of community living

Extending its territory in the most sought-after location of North Bangalore, Unishire brings to you "The Weave". Inspired by the essence of community living that one connects himself/herself to, **The Weave** is designed to offer its owners a quality living experience with respect to family, society, comfort, luxury, prosperity, well-being, celebration & security.

**The Weave** houses 181 premium range of 2 & 3 BHK Apartments spanning over uniquely designed Four "Stepped Form" Towers.

Located off **Thanisandra Main Road** and a few minutes drive from **Manyata Tech Park / Hebbal**, **The Weave** is also in close proximity to numerous educational institutions, hospitals, utilities and the International Airport Road/NH7. Also, the International Airport is approximately 20 minutes drive away.

A unique weave pattern elevation design, linked terraces with connected public & facilities zone, vastu compliant design, modern amenities & facilities are some of the features of this project.

Besides, right sized homes with right price and the right location essentially make **The Weave** a wonderful investment opportunity with high appreciation potential.

ZRICKS.COM

# A unique community deserves a unique style of living

Every community is unique like the one at **The Weave**.  
And it's always an endeavour at Unishire to provide  
something unique in every single project that we develop.

At **The Weave**, a unique Elevation Pattern has been evolved  
so do the name that is inspired from the socio-cultural  
relationships and bonding that its residents will have,  
to make the community a closely knit one.

The woven pattern of the building makes it imminent for  
every individual resident to feel in close touch with others.

## Key Design Features

A Structure that is not only unique in design  
but also makes a statement on behalf of its residents

Diversity amongst unit typologies - for a sense of uniqueness  
for the end users

Homes are designed in such a way that ensures privacy,  
though living in a closely knit community

Outward looking design for maximum vistas

Good utilization of the linearity of site

Aesthetically and functionally preferred gradual  
progression of unit/tower massing

Luxury of a foreground for the building, making it a  
focal point when one enters. Beautiful entrance landscaping  
with tree lined avenues, green walls, fountains, etc,  
to further enhance the sense of arrival

Linked Terraces with connected public & facilities zone and  
landscaping for visual treat

Linked terraces with  
connected public &  
facilities zone

## Gold standard green living

"A green building is one which uses less water, optimises energy efficiency, conserves natural resources, generates less waste and provides healthier spaces for occupants, as compared to a conventional building."

The Weave has been designed to comply with **IGBC Green Homes - Gold Certification** standard. Maximum effort has been put into providing improved health, well-being and better quality of life to its occupants while ensuring a lower cost of living.

### The salient Green Building features\* at The Weave are:

Upto 40% Energy Savings | Upto 70% Water Savings |  
Almost Zero Discharge Development (water & solid waste) |  
Excellent Ventilation | 100% Day-lighting in every  
living space | Designed to cater for Wheelchair Use |  
Use of non-toxic paints and chemicals | High Performance  
Materials | Charging Facility for Electric Vehicles |  
Parking Facility for visitors | Provision for Waste  
Segregation & Recycling

\*The savings mentioned above are approximate values arrived through model & energy analysis performed on the building model & drawings and may vary in actual conditions.

# Functionality, luxury, value & convenience for all... weaves the life in here
