About DLF

DLF Homes is the oldest line of business of DLF and has been a pioneer in creating path-breaking housing infrastructure. DLF Homes has redefined the term 'good living' with a plethora of exciting options across a wide spectrum of home buyers. DLF Homes has created some of the finest residential complexes combining the best of design, aesthetics, technology and architecture. It has successfully delivered over 10,000 apartments in housing complexes and around 3500 acres of plotted development in Gurgaon.

Luxury. Your way of life.

Some people want more from life and aren't apologetic about it. To them luxury is not just a state of mind, but a way of life. And for those chosen few who see luxury as a right, we introduce The Primus - a property for those who can appreciate the finer things in life. Because those who know, know.

Introducing The Primus

Wake up to The Primus - the newest member of the DLF family. Prime amongst luxury and customized for those who understand the value of luxury. When affluence combines with trust, you get a property as acclaimed as The Primus.

Enter The Primus

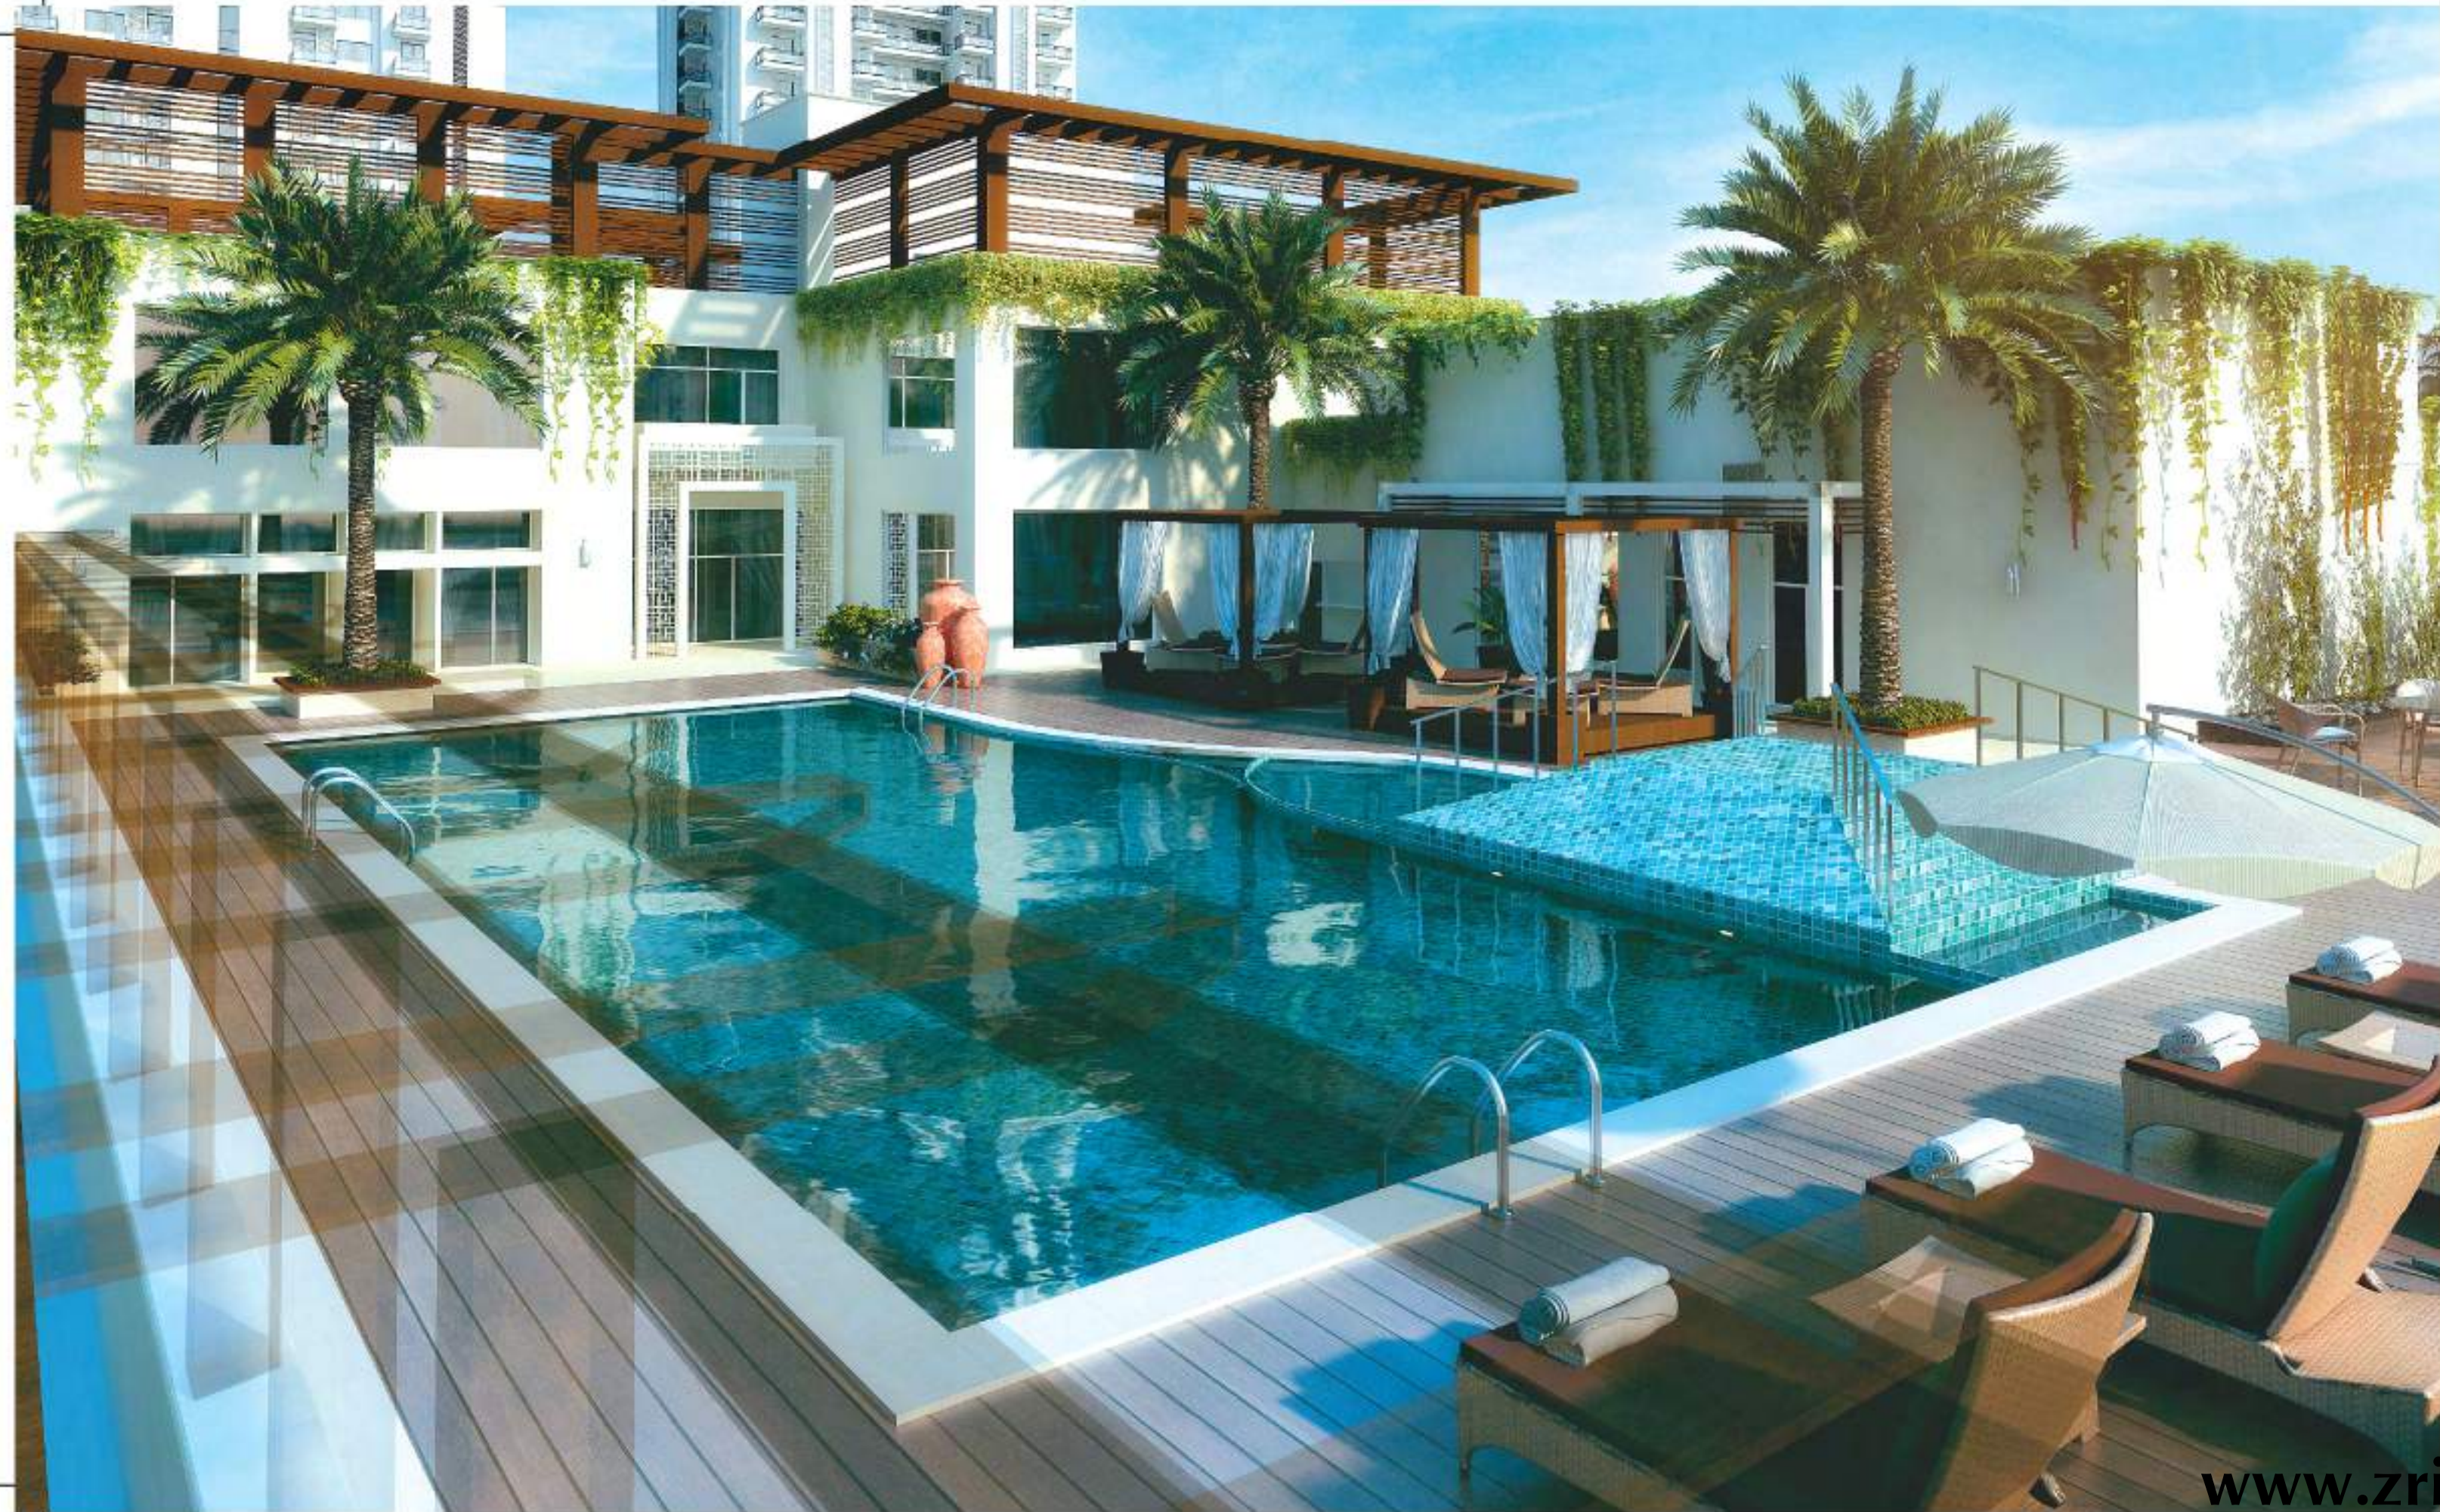

The exteriors of The Primus have been crafted aesthetically. The lobby has an ostentatious feel. A sense of warmth sets in even before you step into your cherished home.

The entrance lobby is double the normal height, which gives it a touch of grandeur. Add to that imported marble flooring that extends from one end of the lobby to the other.

Feel at home

Open up to a world of newness. Each and every section of your interiors has been finished with a touch of élan. So be it the bedroom or your living room, there's always space for you to experiment. And that's not all, there is a balcony attached to every room so that you can savour the beauty of nature whenever you want. Step out and feel the breeze.

Rejuvenate

Luxury is an indulgence for the passionate. It's for those who want a little more from life and aren't apologetic about it. Invite your friends over and have a great time with them at The Primus Club. So be it a game of squash, a quick swim or a gala dinner with family and friends, the club caters to it all. With so much to do, there is never a dull moment at The Primus.

Luxury of space

The highest value embedded in the concept is sustainable design in each and every aspect. The spaces within the apartments are efficiently planned to carve out most useable areas. Each room has sufficiently large openings to capture natural light and ventilation. Large 'deck-like' balconies have been provided to increase openness inside as well as outside.

Gardens of splendour

The award winning landscape designer, Mr. Paul Friedberg has enhanced landscaping of The Primus. There are designated play areas for children of different age groups.

In 2004, Mr. Paul Friedberg recieved the Design Metal, the highest honour American Society of Landscape Architects may confer on a landscape architect.

SITE PLAN

LEGEND:

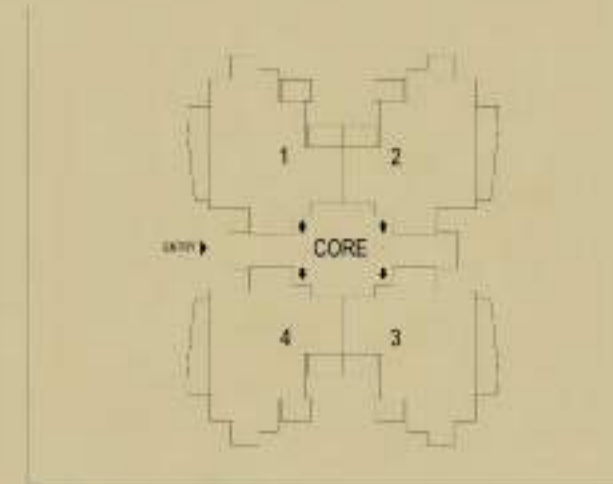

1. Main Entrance
2. Park
3. Club House
4. Swimming Pool
