BUSINESS FACILITATION

The facilities at The Palm Springs Plaza are designed to enhance the business environment, with great attention to detail such as well-finished lobbies and common areas, separate entrances for office and retail sections, ample and well-organised parking and fully furnished public restrooms. Central air-conditioning, high-speed elevators, 100% power back-up, state-of-the-art communication, video surveillance and life safety equipment, all managed through a sophisticated Building Management & Maintenance System, will ensure comfortable and uninterrupted operations.

MAKING A MARK ON ENVIRONMENT CONSERVATION

WE ARE COMMITTED TO:

- Conduct business in an environmentally responsible manner by integrating pollution prevention and resource conservation into our core values
- Promote continual improvement in our practices and procedures leading to improved environmental performance
- Provide appropriate environmental training and educate employees to be environmentally responsible
- Communicate our commitment to all our stake-holders
- Comply with all applicable laws and regulations and implement programmes and procedures to assure compliance.

The Palm Springs Plaza sets standards for environmentally sensitive development practices that are designed to minimise environmental damage and maximise energy efficiency. Rain water harvesting, solar panelled external lighting, energy efficient lighting, extensive use of natural light and proper insulation are some of the ways we ensure that we make our mark on environment conservation.

EMAAR MGF - CREATING A NEW INDIA

Emaar MGF is one of India's premier Real Estate and Infrastructure development companies.

Emaar MGF has brought in one of the largest Foreign Direct Investment in the Real Estate sector in India and is engaged in pan-India projects in Residential, Commercial, IT Parks & SEZs, Retail, Hospitality, Healthcare and Education sectors.

RESIDENTIAL

Emaar MGF is looking at changing the face of the Residential sector by building master-planned communities that give people a whole new way to live. Residents will also have access to world-class, professionally-managed institutional facilities.

COMMERCIAL, IT PARKS & SPECIAL ECONOMIC ZONES (SEZs)

Emaar MGF will not just offer space, but also redefine this sector by using its expertise to provide comprehensive amenities and support services. Emaar MGF will build global-standard IT Parks and facilities within Special Economic Zones (SEZs), across the country serving a wide array of businesses including IT, ITES, Exports and Services.

RETAIL

Emaar MGF aims to be the first choice for real estate solutions for India's growing Retail sector. Emaar MGF will introduce various Retail formats to suit the needs of our diverse economy.

HOSPITALITY

Emaar MGF has a vision to be one of the finest Hospitality companies with a pan-India presence to meet the growing demand of discerning guests. Emaar MGF will provide integrated Hospitality solutions in synergy with our real estate developments including golf courses, malls, SEZs and residential ventures. We plan to launch luxury, business and budget hotels across the country and expect to add 25,000 hotel rooms in the next ten years.

HEALTHCARE

Emaar MGF is ready to make a foray into the booming Healthcare industry. We have plans to launch a chain of hospitals over the next seven to ten years. Many of them will be part of the 'Health & Wellness Zones' within our master-planned communities.

EDUCATION

Emaar MGF will set up world-class schools and universities across the country to hasten India's leap into a knowledge economy.

EMAAR - ARCHITECTS OF THE WORLD

DUBAI DOWNTOWN - The Emirate of Dubai in the UAE is one of the great international economic development success stories. Traditionally the trading hub of the region, Dubai is now extending its success into tourism and knowledge based industries. Emaar has been at the forefront of Dubai's transformation over the past decade.

Currently under development by Emaar, the Burj Dubai will be the world's tallest tower and the centerpiece of the Gulf region's most prestigious urban development to date. This architectural phenomenon will be a global tourist magnet that skyrockets Dubai into the global limelight. With joint ventures and projects covering Saudi Arabia, Syria, Morocco, Egypt, Tunisia, Turkey and India, Emaar is taking its winning formula, first conceived in its home base Dubai, to the rest of the world.

CREATING CITIES THAT DEFINE THE FUTURE

King Abdullah Economic City - This multi-billion dollar project is a mega, multi-stage project proposed to be a mixed-use development located north of the commercial hub of Jeddah to ensure easy access from the Holy cities of Makkah and Madina. The city will have 6 distinct components - a modern world-class seaport, industrial district, financial island, education zone, resorts and a residential area.

MOROCCO

In Morocco, Emaar has set up two residential communities built around world-class golf courses. With both featuring luxury villas, hotels, clubs and recreational facilities.

UNITED STATES OF AMERICA

Emaar is represented by John Laing Homes, the second largest privately held homebuilder in the US. This is an important step in its foray into residential construction in the United States of America.

SYRIA

Adding to the seven historical gates of Damascus, into which the city is divided, Emaar is building the Eighth Gate, comprising the commercial centre, waterfront and a residential zone.

EGYPT

Uptown Cairo is set in the heart of the magnificent Cairo, with its inviting cultural quarters, its vibrant communities and its 24-hour lifestyle. This villa-golfing self contained development offers everything you need, just a short walk away from your doorstep.
