The concept of wellbeing is connected to the concept of space. In spirit and essence the architecture of Platinum Premier is about spacious living. It's about being in harmony with nature; Large green stretches, landscaped courts, sit out spaces are in tune with apartments which are open from sides and are ideal for perfect ventilation of the core elements of life.

Live impressive

Fine living begins at the living room. Acrylic walls, Italian finished flooring; glazed doors add an international touch of class and an aura of sophistication to the opulent lobby in each apartment of Platinum Premier.

Live divine

Laminated wooden flooring when tastefully matched with soft acrylic hues on the wall, it creates an out of the world bedroom experience. Live and relive moments of perfect joy and sublime happiness at the artfully done bedrooms of Platinum Premier.

Live royal

It's impossible to imagine a luxurious apartment without a well equipped kitchen. Platinum Premier understands the fact. The modular kitchen here is highly sophisticated and offers every possible fitting which makes cooking convenient, easy and fun.

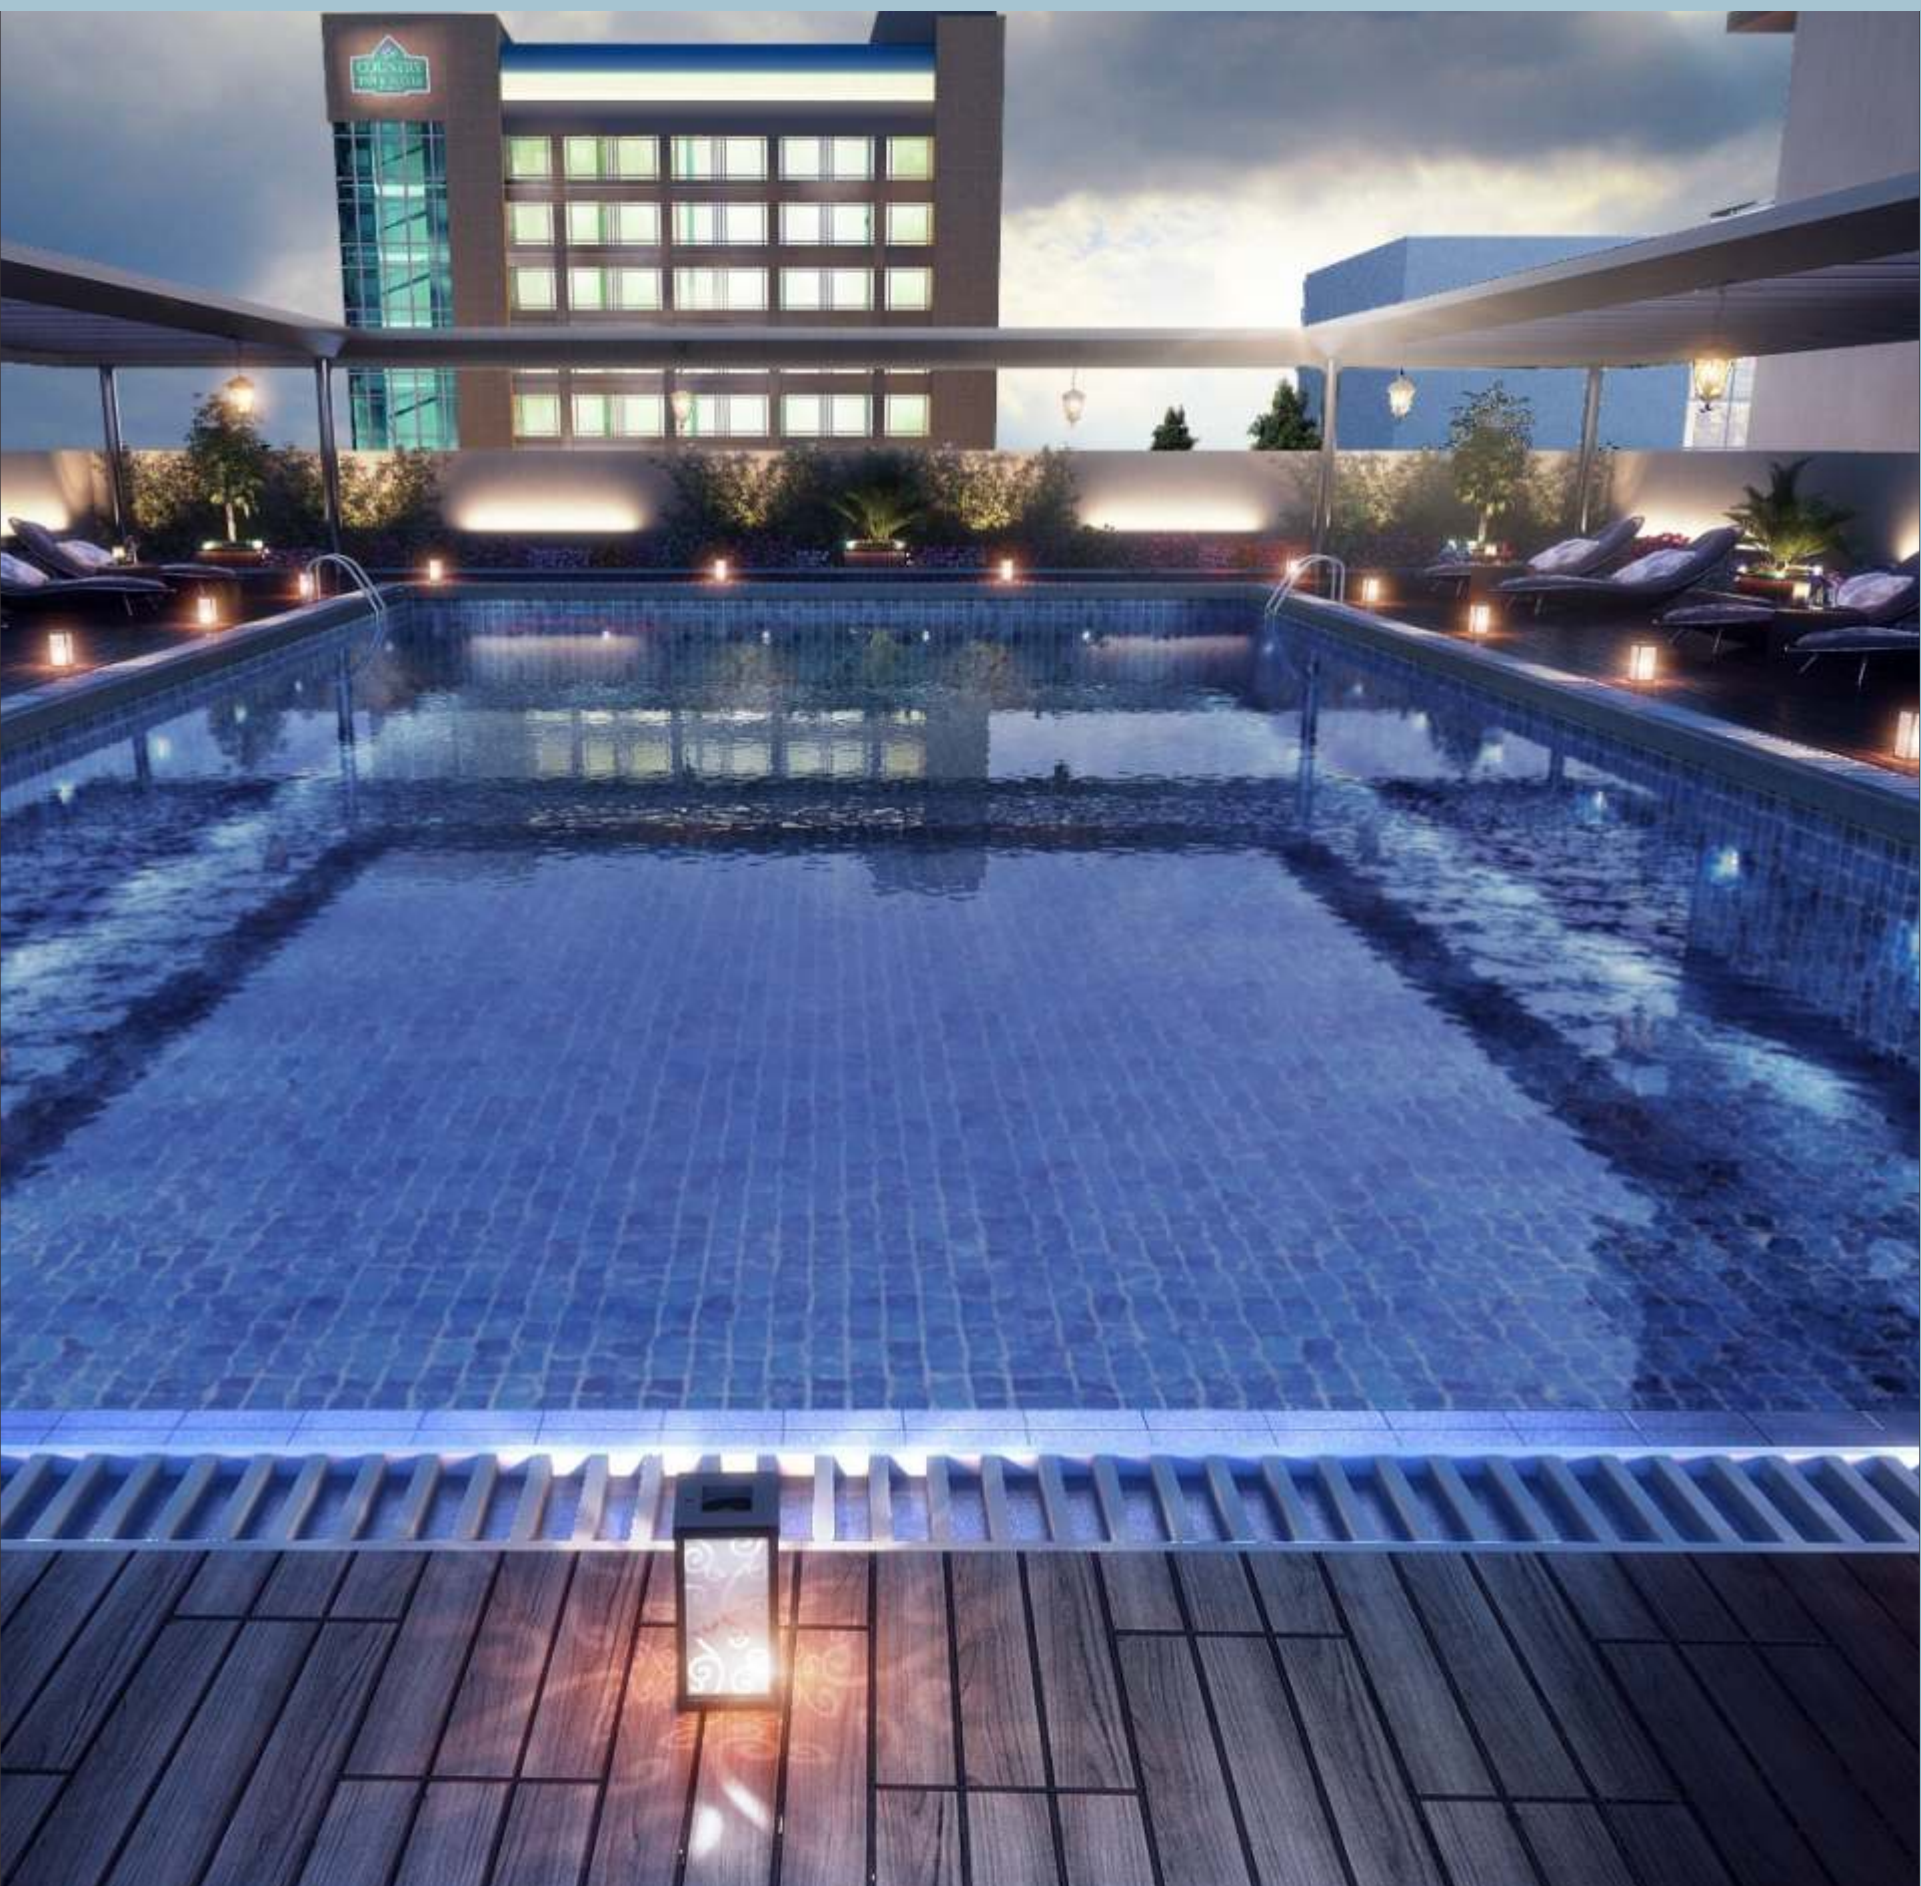

Live rejuvenated

Every day's a great day when you begin it good. Bathrooms at Platinum Premier help you begin your day on a cheerful note.

The soothing ambience, tapestry of colours and state-of-the-art sanitary fittings are exercises in modern day luxury and urban fantasies.

Live conscious

It's not your fabulous house which is your only wealth; it's your health which is your greatest wealth. We have given it a due thought while building Platinum Premier. A modern day club built to suit exclusive tastes, an aqua blue swimming pool, an urban gymnasium and a basket ball court looks after all your health and leisure needs so that you remain young at heart.
