M3M invites you to experience an enigmatic creation — a modern Los Angeles-like design that puts the structure in the **'Rodeo Drive'** class. Come to a life with open spaces, double height showrooms, sky bridges for two tier level shopping, exotic water fountains, green trees and brand-packed food courts on the rooftop.

So if you have any other thoughts, drop them now, because nothing is worth more than being part of this new revolution called M3M Cosmopolitan.

1. Retail spaces flank a grand urban promenade...

2. This urban promenade leads into a iconic commercial tower.

3. The result is a dynamic mixed use project that is inter-woven within the urban fabric, the project and city are one and the same.

Our New Approach

The beginning of the Sustainable Revolution

Planning Ideology

Our planning exemplifies our principles of creating the perfect blend of art and robustness in a structure. Cosmopolitan embodies a perfect urban and sustainable building with smart growth principles.

Architectural Ideology

Our work didn't just stop at hiring the best architects, but only when the entire design came to life piece by piece. We made sure that the structure was contemporary and progressive enough to set benchmarks in modern-day commercial centres.

Experiential Ideology

Cosmopolitan is built on two very basic principles, a diverse experience for retail shoppers and a refreshing and effective work environment for office goers.

Unique Architecture

The "Los Angeles-like" design of the consumer friendly retail spaces and sophisticated office spaces have been created by internationally renowned architects from the USA. A veritable 'Rodeo Drive' of Gurgaon.
