EARTHCON VERTICALLIMITS INFRACON Pvt. Ltd.

Earthcon Verticalimits Infracon Pvt. Ltd. was set up in 2008 as a real estate development company and since then has seen a robust growth. After having made a significant mark in building construction, the company saw its next natural progression into real estate development.

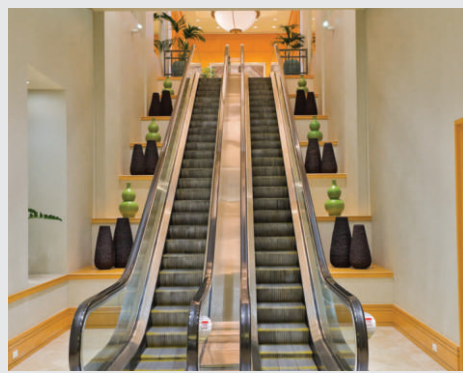

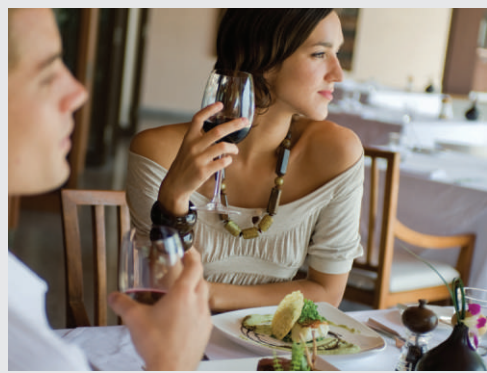

The new entity is presently pursuing Noida, thereby strengthening the presence of ECVL as one of the prime developers in the NCR region.

Earthcon Verticalimits Infracon Pvt. Ltd. has set new trends and benchmarks of architectural excellence in the contemporary scenario. Under dynamic and pragmatic leadership, EVCL is scaling new heights and has touched the horizon of excellence. Their vision and entrepreneurial acumen is taking the company to greater heights and are driven by clients' expectations to convert their dreams into realities.

Few key marquee projects of Earthcon Verticalimits are Regal Emporia, Beetle Suites, Casa Grande, Casa Grande-2, Casa Royale, Urban Village and Sanskriti. It is in the process of converting more than 35 lakh sq. ft. area into residential and commercial landmarks. The company offers green building effects in its projects and is also focusing on its international brands offering new international techniques.

CONCERNED LIVING

At one end of this 'Concerned Living' spectrum are our customers and their preferences and at the other end is our commitment to environmentally sustainable development. Staying true to our values and principles, we want to build residential and commercial structures that are environment friendly, energy efficient, cost effective yet stylish.
