About us

Homes Connect Developers group has stellar reputation of facilitating residential & commercial real estate development projects in Delhi and NCR. We have been trend-setters in the real estate world with addition of exceptional value to everything that we do, way beyond a mere transfer of landed property or financial transaction involving real estate.

To its customers, Homes Connect Developers brand represents commitment, hope and trust. Over the past 10 years in business, Homes Connect is now a name to reckon with when it comes to

real estate with a definitive statement on quality of work.

Homes Connect is planning for 25 futuristic cities in India. Our newest project is Galactic City, the FIRST Futuristic City in Greater Noida (West). Your investment in this project is our pride that we protect and enhance with every step until delivery. Our long experience in building and delivering successful real estate projects is your stepping stone to success with your investment.

Go ahead and explore features of Galactic City, the FIRST Futuristic City.

About project

Galactic City has unique proposition, an IT/ITES Project in Greater Noida (West). Offices are just stone throw away, mall is within easy distance, recreation facilities you can visit anytime you like and the residences are heavenly. It makes sense if you take it for personal use or plan it as an investment.
