Karjat Life Spaces

आपके सपनो की मंजिल

Karjat - The Destination

Karjat was recently added to the MMRDA plan giving a huge boost to infrastructure and connectivity. Discussions/development for providing water pipe connections from Murbe dam and a better electricity network and expansion of State Highways and road network is underway The Karjat- Neral-Matheran area is nature at its best – picturesque view with mountains all around. The winding roads lead you through hills, rivers and waterfalls amidst lush greenery.

Current distance to Karjat from Dadar is 86kms, Panvel 42kms, Pune 110kms and Matheran is 15kms. A new state highway from Panvel through the Matheran hills to Neral - via Bheemashankar mountains to Chakan is currently underway (about 60 % complete) reducing the travel from Panvel to Karjat by 21 kms (Currently 42 kms).

The state highway between Karjat and Murbad (via Kashele) is being widened to a 4 lane highway.

The film industry is moving to Karjat with large productions houses like N.D. studios, White feathers, Fox and Walt Disney expanding / acquiring huge tracts of land to for their film studios.
