Villows

Mexican Style Villas
www.Zricks.com

Green landscape. Ultimate urban lifestyle.

Few residences anywhere can lay claim to the most sought after street address in town. Villows @ Electronics City is one such place. A delightful cluster of 57 villas, Villows are reminiscent of erstwhile Bangalore, when it was more popularly known as the Garden City, with abundant lush greenery and flowers in full bloom throughout the year. Villows is an integral part of nature with 1000 full grown trees.

The Villows logo is inspired by the pinwheel which signifies visual metaphors of Positive energy - always turning, spinning, offering a kaleidoscope of colorful possibilities. Its symbolism is profound, representing such diverse concepts as childhood innocence, unseen energy, wish fulfillment and transformation. In many parts of the world, pinwheels have a deep spiritual significance as well.

Inhale pure air. Exhale weariness.

Sync with nature the moment you step outdoors into your own private backyard or onto the garden terraces. Stroll down picturesque pathways and find your way out of the maze garden. Meditate in the healing garden, or just let the heady scent of crinum monchura lilies take your breath away.

From the lap of nature. To the lap of luxury.

Contemporary Mexican style villas, set along vibrant avenues of *fame of the forest* are designed to maximize indoor and outdoor living spaces. Large living and dining spaces with a double height ceiling and skylight, tree courtyard and feng shui features allow positive energy to flow through every corner of your home.

Relish the luxury. Relive your Bali holidays at home.

Vilwa is synonymous with comfort and indulgence with the finest amenities at your disposal.

Your own massage parlour, Jacuzzi and an open-to-sky shower enclosure to relive your Bali holidays in your own home.

Contemporary. Mexican style.

Inspired by Mexican building design with a focus on natural materials and textures sourced locally and hacienda architectural details such as the pergula and vibrant colours. Built and finished to the highest standards, these homes are designed with space, natural light, free flow of air and comfort in mind.

Four Bedrooms that open out onto large terraces, clean lines, high ceilings, glass doors throughout as well as huge rooms means that all spaces inside and out have a natural flow that is immediately apparent as you walk around.

Bearing in mind the needs of families today, the villas have one owners bedroom on the Ground Level; two on the first and one bedroom for the teenage child on the second level. Provision for a lift also exists which can be installed at any point in time.

Contemporary and Vastu compliant; choices from East, West and North Facing villas.
