IT'S
ABOVE
ALL!

Residential development, commercial development, other development opportunities are the strongest and most diverse of the business and in the industry. Other companies in the industry, including, but not limited to, are subject to the ability of their own and other factors to complete the development of their business.

www.Zricks.com

www.Zricks.com

Excellence is a process where existing benchmarks become the stepping stones and lead towards the advancement of things. The same philosophy drives us to think extraordinary and scale heights in the ladder of ideas and innovation. The Crest is the embodiment of the notion of ultra refined living in a unique new perspective. Something beyond comparison and without parallels across various parameters of excellence like location, planning, interiors, landscaping, architecture and in status.

The Crest welcomes you to a 60,000 sq. ft. huge landscape surrounded by lush tropical gardens. Walk through the paths and listen to the mesmerizing waterfall sound on your arrival. The central courtyard boasts water coming out of the large units and the roof terrace gardens showcase intimate water features that come alive at night and the overall sound of water takes you into the world of infinite pleasure. The design philosophy of The Crest uses a combination of local flora with a good balance of exotic trees & plant species which gives a unique natural feel to its clusters. What's more, there is no parking on the ground floor that makes ground floor free from vehicular movement.

Over the years Studio HBA has indulged in innovative designs that appeal to both traditional and contemporary mindsets. It has this adaptive instinct to interpret tastes and preferences of the current generation to precisely blend it to the traditional designs.

Creativity and innovation is at the helm of Studio HBA that creates the magic in the aura of each flat.

Studio HBA believes that each person in a family has a different taste that needs space accordingly. The same philosophy drives the idea behind The Crest and makes you feel distinctive and Above all.

PROPERTIES • EMPLOY

First Stone's story starts on the premise of a philosophy about laying a foundation stone. Every building starts with nothing, but a projection of dreams rising on its strong grounds. A new beginning where the seeds that water into the first leaves, blossoms of a brighter future is what a foundation stone symbolizes. More than just a signature of a growing firm's journey, First Stone is a testament to beautiful equations of nature. To all good starts and purposes, First Stone is about nurturing all human dreams and turning it into reality.

After all, the journey of every beginning the starts with the first few baby steps and perhaps that's how the world sees the manifestation of every single dream it is really, although, not in its infancy. FS Realty has 1 million Sq ft under construction with the projects namely The Crest and The Crown located near Juhu Marine, The Corporation close to the International Airport, Platinum located behind Chhatrapati Shivaji Maharaj, Pinnacle on Sahakar Marg in the heart of the city and Urda near International Airport, New Road. In addition to this 2 million sq ft will be added by March 2017 across Mumbai.

Let's build upon those small stones and create an abode that truly inspires a good life and gives it a stronger base of the entity called First Stone.

CONSULTANTS ON BOARD

ARCHITECTURE BY

Ideas Architects
Ajmer, Rajasthan, India

Ideas, a design based multi disciplinary architecture firm, started its operation in the year 1997. Ideas' interest area includes architecture consulting, urban design and interior designing. In its existence of almost 2 decades, Ideas explored various horizons across hospitality, residential, commercial, housing and institutional domains.

Every creation of Ideas creates a fine blend of pure functional and contextually relevant architecture. With successful completion of projects in different segments, the company has grown significantly across many major cities. Today the company's associates include prestigious interests and world's most notable consultants like ARCAD, B&B Collins, Design in House by John Rodriguez, P&B, Studio M&P, Surling Farrell, G3 Creation are just to name a few.

LANDSCAPING BY

Landscaping India
B&B, Mumbai

Design in Nature embraces a design philosophy celebrating space, function, nature, color and movement. They have ability to understand and translate client requirements and have ability to translate their thoughts with every project they engage in.

With years of experience, their highly qualified team are passionate about planning and planting a wide variety of innovative gardens, from small courtyard, rooftop, urban and commercial developments, not to gardens to large acreage landscapes. Their knowledge of international trends, new design techniques, constant digital research and select workmanship using the latest software and features, ensures garden schemes that are refreshingly efficient and beautifully constructed.

Working with both private clients and architects allow each step of the project is managed smoothly, so that it is an enjoyable and exciting process for everyone involved. Rightly pronounced they do have Design in their Nature.
