*Home is where  
the heart is....*

Kukreja Construction Co. is a class by itself in the building industry in Mumbai.

For Kukreja Group, is a crusade for creating environment. Kukreja Group is engaged in construction activities since last four decades and well known in this business for their past track record of quality construction within the committed time. The clients of the group includes financial institutions, banks, large corporate and high net worth individuals, the group has occupied prominent place among the builders who have developed a number of properties in eastern part of Mumbai and New Mumbai.

“Hari Kunj” is certainly a place to match your dignity. A fourteen storey fully residential structure located at sindhi society chembur. A self sufficient locality with the latest infrastructure.

Hari Kunj comprising of 3BHK apartments is closer to the elements of nature. Thoughtful planning ensures ample sunlight, pure air, and serene atmosphere, lush green trees which create a soothing effect on your mind, body and soul.

You are invited to indulge in the rare gift of size and space in an ever so clustered Mumbai. The Residences' stand graciously as the place connecting you to the key city hubs by both road and rail.
