ADVANTAGE OF BUYING IN A RERA PROJECT

CONTROLLED WITHDRAWAL

The developer will have to transfer 70 percent money received from home buyers to an escrow account. This money will be withdrawn as per the stages of construction, approved by engineers and chartered accountants of builders.

APPROVALS BEFORE SELLING

Developers will be able to sell projects only after the necessary approvals. Under RERA, builders and agents will have to register themselves with the regulator and get all projects with more than eight apartments registered before launch. This will take care of common malpractices such as selling property before getting the necessary clearances.

NO LAST MINUTE SURPRISES

The developer cannot make changes to the project without the consent of 2/3rd of the buyers.

IN CASE OF DELAYS

Compensation would be as per any material in the agreement in case of a delay & also penalty on the developer.
