# ABOUT US

Signature Global believe in the policy of transparency. Though we've created our own distinct identity in the field of real estate, we're still working passionately to maintain and improve our reach in the sector. We emphasize on the core values of reliability, responsibility and global standards with regard to the International Real Estate realm.

The group has outlined its vision for 'India of Tomorrow' with a mission of 'Har Parivar ek Ghar' (A home for every family). Our mission is to contribute 20,000 units by 2020 in order to pay our part in the mission of our Honorable Prime Minister 'Housing for All by 2022'.

With a vision to redefine the current conventions of Indian real estate development by championing excellence in craftsman, planning and service, the company has successfully launched 17 affordable housing projects all in the prime locations including Gurugram, Sohna and Karnal in Haryana and a commercial mall focussing on the interest of customers in Vaishali, Ghaziabad, Uttar Pradesh. The company has successfully delivered Solera & Synera in Gurugram and offered possession of Sunrise in karnal, months before the expected time of delivery. Each residential project is complimented with one branded retail hub christened as Signum. The hallmark of these projects is ideal location, impeccable quality of construction with excellent amenities at reasonable prices. They are unique in terms of planning, design, quality, workmanship, transparency, customer delight and service. We have ushered in best global practices of transparency and professionalism, with 'think global, act local' approach, doing product development as per the needs of our valued consumers.

We got ISO 9001:2015; 14001:2015; 45001:2018 Certification. We also have introduced highly advanced global green building certification IGBC, that provides a solution to capitalize on the value of green buildings by promoting benefits to customers while protecting environment. We are deploying cutting edge technology and best project management techniques to achieve scale and efficiency to boost affordability.
