MESSAGE FROM THE CHAIRMAN

DS-MAX Sahara is built to be your dream retreat, connected with the city's central business districts just a few kilometres away from Electronic City. The intent of building DS-MAX SAHARA is to provide you with a classical yet super-luxurious lifestyle but offer you the value for your property with the price escalation in the area being one of the highest.

Undoubtedly, there is an increasing demand for housing in the area as Electronic City, Narayana Hrudayalaya, and many industries are in the vicinity, which not only ensures there is a demand for rent in the area, but the price would be ticking higher each year more than your expectations. As we are proud to offer you one of the most lucrative properties with one of the highest prospects in terms of returns on investment, I appreciate your prudence to have chosen the right property, which is not only the resident's delight but the investor's first bet too.
